Dear All,

Welcome to July's newsletter. It has been quiet a busy month in which we have been very proactive, we have been targeting anti- social behaviour in various forms. We have not been doing this alone because after a lot of hard work, persistent and working with PC Claire Harrison and PC Philip Comben from our CSU department a productive night of action took place. This night of action included ourselves (your PCSO's), officers from CSU as well as our Sergeant, the community policing team, the rural task force and officers from across the border in Sussex. During that shift together, we targeted all the known hotspots, which saw a massive reduction in anti-social behaviour. The good news is more of these nights of action are already in the organisation stages and will continue throughout the summer months.

On a different note we have had several meeting within the communities where we discussed local residents concerns and have taken them on board. There has been a few concerns that are not necessarily in our remit but we made useful suggestions to help find a solution to the concerns.

We will continue to work in a proactive manor and tackle any issues that arise, we have had good information from several residents and we will be extremely grateful if this can continue.

Please follow us on Twitter  to keep up with current updates from across the district

Please look after yourselves and any vulnerable neighbours in this hot weather.

King regards,

Sue and Amy .
