

CHEVENING PARISH COUNCIL SURVEY 2019

Further to last year's survey, we would like to invite you to provide your views again on where the Parish council should spend its time and your money. Some projects seem to be to the benefit of everyone and widely supported, but it is not always obvious how much these proposals cost, so this year we would like to gauge not only what you think is worth doing but also how much you think is reasonable to spend on or towards such proposals.

If you would like to make a proposal not listed below, please add it to the comments box below and indicate roughly what cost you think would be reasonable.

It should also be noted that not all activities that seem like a good idea, are in the direct control on the Parish council, for example, most alterations to roadworks are under the control of Kent County Council. In such cases, the Parish role is one of representing the Parish through consultations only. That said, we would rather hear about your ideas even if they are beyond the means of the Parish to realise.

If you would like to have your say, please complete the following brief survey:

Address including Postcode (responses with incomplete addresses may not be counted- strictly, one per household)

Please indicate your response for each item by putting a cross in the box that most closely matches your view as indicated in the example:

	Suggestion	Object to suggestion	Neither support nor object	Support if little or no cost to Parish (up to £300)	Support if Moderate cost to Parish (up to £2500)	Support if substantial cost to Parish (£2501 - £10000)	I would support even at significant cost to the Parish (£10000+)
1	Improvement to Open Spaces <i>(please specify below)</i>						
2	Improvement to Security Measures in the Parish <i>(please specify below)</i>						
3	Improvement/Expansion of the burial ground/ garden of remembrance						
4	Extension to Pavilion at Chipstead Recreation Ground						
5	Extending 20 mph limit past Chevening School <i>(at cost of Parish)</i>
